

# Mathematical Inquiry Institute

**3 GRADUATE CREDITS - \$596**  
**(a nearly 40% reduction on graduate fees)**  
**Presented by the**  
**Boise State Writing Project**  
**(An Affiliate of the National Writing Project)**

## ***Are you:***

- Interested in how inquiry principles translate to classroom instruction in math?
- Looking for help in how to implement the Idaho Content Standards for math?
- Searching for meaningful strategies and activities that will engage students, promote understanding, and address multiple standards?
- Interested in building an engaging unit of instruction for you to utilize in your classroom?

**THIS INSTITUTE IS FOR YOU!!!!**

## ***The NWP is dedicated to:***

- . . . the improvement of instruction in our nation's schools, particularly through the means of inquiry as a unique and powerful way of learning and knowing in all curricular areas.
- . . . the idea that teachers are professionals who must practice what they teach and must be paid for their expertise.
- . . . fostering an interdisciplinary community and support system of teachers from all grade levels and across the curriculum.

## ***Who is teaching:***

- Ramey Uriarte has taught mathematics and teachers for twenty one years. He is currently a Math Coach for the Boise School District as well as a Boise State Writing Project Teacher Consultant.
- Jackie Miller taught elementary school and teachers for ten years. She is now an instructional coach for teachers in the Idaho Coaching Network for the Idaho State Department of Education as well as a Boise State Writing Project Teacher Consultant.

## ***When:***

- **Pre-Institute:** Saturday April 28, 2018
- **The Institute:** Monday June 18, 2018 – Friday June 22, 2018
- **Follow Up Meeting:** Saturday February 9th, 2019
